

Have you ever lost a deal because of car insurance?

Gather offers on-demand, flat-rate coverage for those who need it.

The only instant consumer policy on the market today.

According to the Insurance Research Council, nearly 1 in 7 U.S. drivers are uninsured – and even fewer have enough insurance to meet their car lease or loan requirements. Gather agrees, as we see these same results across our many dealership clients.

When your customer does a demo drive wouldn't you like to know whether they have sufficient coverage – and also have the ability to provide a policy backed by Allstate at the push of a button, if they need it? With Gather, now you can.

Gather's insurance verification and on-demand coverage:

- Salvages deals otherwise lost or delayed due to lack of car insurance
- Identifies fraudsters presenting fake insurance cards
- Keeps policy premium increases out of deal negotiations
- Frees up the F&I office from administrative burdens
- Manages expectations with payment buyers
- Ensures compliance with state regulations and financial institutions
- Speeds up the sales process, enabling your car sales professionals to focus on securing the next deal

Never wait for insurance coverage again. Gather's on-demand policies **can be implemented at night, on the weekends and even on holidays.**

Get car insurance out of the decision making process and help your customer to take delivery of their new car today.

About the Insurance Verification:

- Customer need only provide consent and take photos of their driver's license and insurance card (if available)
- Gather digitally verifies coverage status and details
- A report with the results is delivered to your car sales professional via email within minutes

Verify coverage upfront and eliminate surprises in the F&I office.

About the Insurance Coverage:

- Consumer car insurance, not dealership "spot-insurance"
- Doesn't require agent involvement
- Policies are underwritten by Allstate, the gold standard in car insurance
- Policies are loan/lease-compliant
- Policies are state filed and meet state requirements for title filing
- Consumer pays a fixed daily rate for as long as the policy is needed
- Consumer must have an active driver's license and no active DWI/DUI proceedings

Gather integrates natively with your DMS, enabling reporting necessary for financial institutions.

Dealer Costs

\$299

+

\$200

Per Month for Gather Software License

Per Policy Placed for On-Demand Administrative & Technology Services

Consumer Cost

\$30

Per Day | Consumer Can Transition Policy at Any Time
